Introduction:

We take this opportunity to introduce “SHANTA TECHNO PVT.LTD.” a company with over 12 years experience. Our business verticals are Fabricated steel structure, Steel bridges, FOBs and Boiler Pressure Parts. We have two facilities to cater to the needs of our customers; 60,000 sq ft and 3,30,000 sq ft with covered shed under crane

Our manufacturing facility is equipped with latest machinery like 3 Axis CNC Drill Machine, NC bending machine, TIG Welding machines, Plasma cutting machine. The manufacturing capacity of the unit is 1000 MT per year for Boiler pressure parts and 3000 MT per year for Engineering fabrication.

We have professional team of engineers and management personals. All our customers have reposed their faith in us through repeat orders. This is mainly due to our consistency in Quality, Pricing and Timely Supplies.

Our Mission

To develop culture, based on

- Competence – Professionalism, Credibility & Integrity
- Cooperation - Team Spirit & Openness.
- Responsibility - Ownership & Willingness to Change
- To exceed customer satisfaction

Our Values

- Quality and safety first
- Innovation and creativity in solving problems
- An empowered, committed and motivated workforce

List of Machinery:

S No	Description	Quantity	Remarks
1	3 Axis CNC Drill Machine	01 Nos	Upto 60 mm
2	1200 Amps Saw Machine	02 Nos	
3	Booster Tube bending machine	04 Nos	
4	Controller for Drawn Arc Stud welding	02 Nos	
5	Hydraulic Press	02 Nos	
6	400 Amps Tig Welding Inverter	10 Nos	
7	SMAW Welding Machine	15 Nos	
8	MIG Machines	03 Nos	
9	Radial Drill Machine	01 Nos	Upto dia 85mm
10	Plasma Cutting Machine	01 Nos	
11	CNC Plate Cutting machine	01 nos	1.5 mtrs x 3 Mtrs
12	Angle Grinder	04 Nos	
13	Drill Machine Magnetic stand 65mm	02 Nos	
14	Bevelling attachment	04 Nos	
15	Tube Cut-off machine	08 Nos	
16	Die Grinder	15 Nos	
17	High Pressure pump	02 Nos	Upto 400Kg/cm ²
18	EOT Crane	03 Nos	20 MT, 10 MT, 5 MT
19	Heat Treatment furnace	01 Nos	Upto 1100 deg C
20	MRD800 Rectifier	02 Nos	
21	Compressor	02 Nos	250 Cfm
22	Shot Blasting Setup	1 Nos	

Engineering Capabilities:

We fabricate Steel structure, Steel bridges, FOB, Technological and Building Structures and Boiler Pressure Parts. We have two facilities to cater to the needs of our customers; 60,000 sq ft and 3,30,000 sq ft with covered shed under crane

We fabricate pressure vessels and tanks that meet ASME standards in stainless steel, carbon steel material.

During past 10 years we have gained a reputation for excellence in the engineering community and have had the opportunity to work with reputed Client like BHEL, NSPCL, JSPL, ESSAR, and STATE UTILITIES.

Our engineering staffs are experts in the use of a wide variety of software tools. We employ a regular, full-time staff of more than 80. More than 15 of our staff are engineers,

Quality Policy:

STPL is committed to provide the product that satisfy our customer's quality requirements and continually improve the effectiveness of the quality management system

QUALITY OBJECTIVES

1. To obtain and maintain a quality management system that meets the requirements of the ISO 9001-2008 Standard
2. Supply Metal fabrication services with zero defects and Timely delivery
3. Supply product at a competitive price

Certifications:

1. RDSO, Lucknow
2. Indian Boiler Regulation (IBR)
3. ISO 9001:2008

Product List:

STPL has wide range of product list as per the client requirement, few of them are :

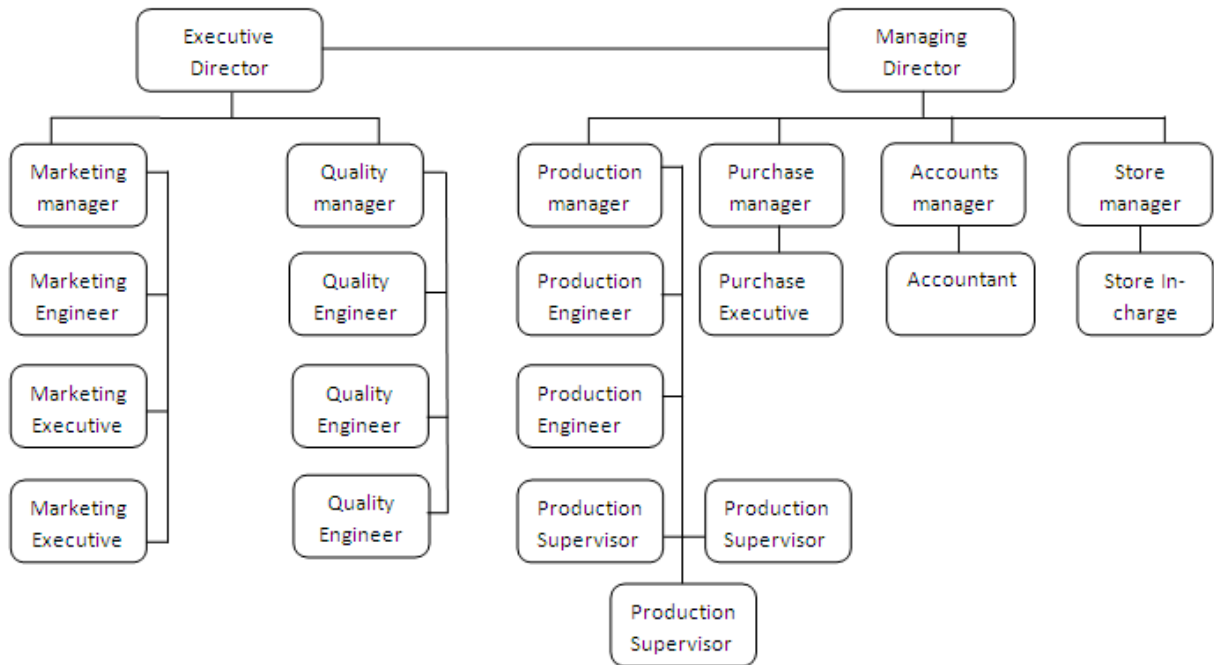

S No	Name of Product
1	Steel Bridge, FOB, Steel Girders
2	Technological and Building
3	ROB Girders
4	Pressure Parts of Boiler
5	Pressure Vessels & Tanks
6	Engineering Fabrication
7	Pipe Line & PipeFitting
8	Studded In-bed Coils, Economiser Coils, Super Heater Coils
9	Air Pre-heater Tubes and Bundles
10	Heat Exchangers

Corporate Structure:

SHANTA TECHNO PVT.LTD.

Plot No.599 & 600, Industrial Area ,Raipur (C.G.)

Organization Structure

Commitment and Goals:

STPL offer quality products through hard work and innovative production processes. We strive for a clean and organized workplace using our carefully planned process. We strive to produce the most reliable products for our end customers.

We are aware that we are in a highly competitive business and at times our margins are under pressure. However, we have never compromised on our Quality standards. It is this policy of "customer satisfaction" which has attracted many challenging orders to us.

We primarily handle orders of high value added products in which we have competitive advantage. Our employees are highly skilled and committed to betterment of quality at reduced cost.

We are a ISO 9001 : 2008 Company having Employee strength of more than 80 employees, skilled workmen, Engineers & Managers. We have ambitious growth plan and want to be recognized in the field of Engineering fabrication.
